### REV. G. W. QUALLS

Rev. G. W. Qualls was born in Sharp county, Arkansas, May 3, 1851. He died of pneumonia at the home of his daughter, Mrs. Beck at 1015 north Fourth street, Monett, Monday February 9, 1920 at 6:15 p. m. He was 68 years, 9 months and 6 days old.

He was united in marriage with Nancy E. Thomas, August 4, 1879. To this union seven children were born. Three daughters and two sons are living. Two sons preceded him. Rev. Qualls professed faith in Christ about 51 years ago and united with the Methodist Protestant church. He entered the ministry in 1896 and was constantly in the service until about one year ago. He leaves a wife, two sons, and three daughters besides a host of relatives and friends to mourn his departure.

Funeral services were held at 2 p. m. Wednesday, February 11, 1920, from the M. E. church on Fourth street in Monett, conducted by Rev. W. F. Goodnight assisted by Rev. H. E. Marshall.

Rev. Qualls was an able minister of the gospel and served two years as president of the Missouri M. P. Conference. He was pastor of the Monett circuit four years.

The church has lost a great and good man who in former days was a leader in the great work of the church. He devoted much time to the study of the Bible and the doctrines of the church.

He was truly a Methodist Protestant in the strictest sense and was ever ready to defend the cause of Christ and the church he loved so dearly.

At the conclusion of the funeral, the Masonic Order took charge of the body and the beautiful and impressive ceremony was only a small token of the high esteem in which he was held by all. The body was laid to rest in the I. O. O. F. cemetery.

The following letter regarding the deceased is printed by request:

Mrs. Nancy E. Qualls, Monett, Mo.,

Dear Madam:— I learned this evening that your good husband, and my friend as well as the friend of all who knew him, had answered the call and had finished his fight here on earth. I do not know of words to express to you my sympathy in your loss as a companion; but there is one thing sure in my opinion, he has gone to a much better place and he could say truthfully, "that he had fought a good fight and had kept the faith."

I look at death no longer as I once did, neither do I believe we should grieve over departed ones, for they are much better off than we, especially when they lead the life your good husband did. When our loved ones find a better position in life, we rejoice with them, and so in death we will miss their help here, but our loss is their gain.

I knew when I left him last Wednesday morning on the train that he was a sick man, I gave him medicine Monday and Tuesday night every three hours and part of the night Wednesday, but I received from him new ideas that I shall always remember. I trust that you will look at this removal in the light he would have you, and you have my best wishes.

Sincerely Yours,  
D. H. KEMP.

R. Weis, 904 Bond street, says: "Several years ago I used Doan's Kidney Pills for kidney disorder from which I suffered a great deal. It began with a too free action of my kidneys and the secretions were highly colored. Then my back got to aching and at times there were sharp, cutting pains through my kidneys. I used a few boxes of Doan's Kidney Pills and they certainly gave fine results, ridding me completely of all the trouble."

### W. S. TAYLOR ANNOUNCES FOR COUNCILMAN

W. S. Taylor, who has been a conductor for the Frisco railroad for twenty years, announces his candidacy for the office of city councilman. Mr. Taylor has been urged by his many friends to make the race, but has not been in a position to do so until this year. He has now made arrangements whereby he will be able to be in town most of the time and can give his personal attention to the work.

Mr. Taylor was probably the man most instrumental in changing the city government from the old method to the commission form. For ten days he worked with the citizens of Monett to get their signature for a petition to make the change and it was largely through his efforts that the election carried. He has made a thorough study of this form of city government and is conversant with all its problems and duties.

His far-sightedness in this project which has proved so successful is assurance that he would make a good official if elected. He is a good citizen and a booster for the town.
